Location Overview

Fresno, CA The city of Fresno is situated in the center of the San Joaquin Valley of Central California, approximately 200 miles north of Los Angeles and 170 miles south of the state's capitol, Sacramento. The blending of commercial and residential development and the preservation of the area's rich heritage has created the quintessential community of Fresno, California. Incorporated in 1885, Fresno is among the region's top cities for residential living and

tourism, and it's one of the first cities to be founded in Fresno County.

Fresno can be reached by State Route 99, which serves as the main north/south freeway connecting the major cities of the California Central Valley. Fresno Yosemite International Airport (FAT) is the only self-sufficient airport serving the San Joaquin Valley - with eight air carriers, the airport offers passengers nonstop service to ten domestic and international locations. Located in the 5th largest city in California, over 1.2 million business and leisure passengers travel through FAT annually.

Fresno is the only city in California to be surrounded by three national parks: Yosemite, Sequoia, and Kings Canyon. In addition, the city welcomes thousands of visitors to experience local and regional attractions: Fresno County Zoo (8 acres of native animal exhibits); Block at Fresno (top venues for shopping and dining, as well as a movie theater, bowling alley, and a skate park); and the Fresno International Street Fair (hosted annually in the historic district of Fresno, the event draws over 400,000 people). Additional tourist attractions include Forestiere Underground Gardens, Fresno Art Museum, Fresno Metropolitan Museum of Art & Science, Legion of Valor Museum, Fresno Chaffee Zoo, and the Saroyan Theatre.

Five major freeways pass through Fresno County including 99, 41,180, 168, and Interstate 5, as well as rail service from Burlington Northern Santa Fe and Union Pacific. Fresno is known as the gateway to the Sierras and offers a wide variety of outdoor recreational opportunities including Yosemite and Sequoia National Parks, numerous lakes and rivers, snow skiing, water sports, and easy access to the central coast, which is popular for fishing, surfing, whale watching and wine.

Residents of Fresno also enjoy a very low cost of living relative to California, an uncongested freeway system, great shopping and entertainment, top-ranked schools, and opportunities for higher education (including California State University Fresno), and a mild California climate.
